

# Employee of the Month

November 2023

**Kelly Greenslade, CCMA**

*Clinical Supervisor*

Employee since **2016**

**Nickname:** Kel

**Hobbies:** Roller skating, playing pool, off roading, and spending time with my daughter

**Likes:** Gathering with family and friends around the holidays

**Dislikes:** Mean and judgmental people

**Favorite Part about working at NHM:** My favorite part of working here at New Horizon is that I get to be all about the love and support for every patient walking through our door. I was told when I started working here that “every patient here is considered family” and I certainly hope that patients feel I have done my very best to carry on that wonderful work ethic.
